Know about Vintage Romance

Step 1 – If you are interested in our services and would like to see how we can help you create your dream day, then please get in touch. Firstly we would check to see if your date is available and if we are then we will give you some details about what sort of information is required to provide you an initial quote.

Step 2

Step 2 – Once you have provided us with the details we can provide you with an initial quote and you can get a feel for our prices. If you are happy and wish to proceed then we will get your date booked in the diary and organise a date for you to come and visit our showroom. At this point, we will take a 25% deposit from you to secure the date. You can then relax knowing your venue stylist is booked.

Step 3

Step 3 – When you come and visit us at our showroom in Barnsley you can see lots of different options for styles and themes for your wedding. You will also be able to take a look through our vast range of props and decide what specifics you would like on your special day. Don't worry if you are still unsure at this date we can discuss and change things right up until 7 days prior to your special day.

Step 4

We will be working away in the background getting everything ready with you. If you need us for anything or to change anything you just need to let us know. You will then be contacted about 1-2 weeks before your date and finalise your final details. At this point, you will be invoiced for the remaining balance. We will also contact the venue to find out what the arrival times are and when we can gain access to set the venue up.

Step 5

Our Team will arrive at your venue and create your special day for you. You can sit back and relax and get ready for your special day!

TYPE OF BRIDE

Let's explore some of the exciting wedding dress trends for 2024. Whether you're a bride-to-be planning your own wedding or simply curious about the latest styles, here are the top trends to keep an eye on:

Pastel Dresses: Soft and dreamy pastel hues are making waves. Think blush pinks, mint greens, and pale blues. These delicate shades add a touch of romance to your bridal look.

Oversized Bows: Bows are back in a big way! Whether adorning the back of your gown or cinching the waist, oversized bows create a dramatic and elegant statement.

Boudoir Influence: Lingerie-inspired details are gracing wedding dresses. Sheer fabrics, lace, and corset-like bodices evoke a sense of sensuality and allure.

Black Dresses: For the bold and unconventional bride, black wedding dresses are gaining popularity. They exude sophistication and make a striking contrast against traditional white gowns.

VINTAGE LIFESTYLE

1. '90s Silhouettes: Nostalgia meets modernity with '90s-inspired silhouettes. Slip dresses, minimalist cuts, and spaghetti straps are all the rage.
2. Elements of Deconstruction: Asymmetrical hems, unexpected cut-outs, and architectural details add an avant-garde twist to bridal fashion.
3. Maximalism: Embrace opulence with intricate embellishments, layers of tulle, and voluminous skirts. It's all about making a grand entrance.
4. Mini Dresses: Short wedding dresses are perfect for intimate ceremonies or destination weddings. Show off those legs and dance the night away!
5. Jumpsuits: Chic and comfortable, bridal jumpsuits are a stylish alternative to traditional gowns. They're ideal for the modern bride who values practicality.
6. Suits & Separates: Not just for grooms! Tailored pantsuits and mix-and-match separates allow brides to express their individuality and break away from convention.
